CAREER OBJECTIVE

I am a Computer Science professional skilled in problem-solving, innovative thinking, and modern programming technologies with a strong software development foundation. Dedicated to applying my expertise to real-world projects and continuously learning emerging technologies to create impactful solutions.

TECHNICAL SKILLS

- **Programming Languages** : Java, C, SQL
- **Web Technologies** : HTML, CSS, Javascript, React
- **Framework & Database** : Firebase, MySQL, MongoDB

CERTIFICATIONS

- **React JS** – Scaler (MAR - 2026)
- **Angular** – Infosys Springboard (FEB - 2026)
- **Java Programming** – Udemy (MAR - 2026)
- **DBMS** - Infosys Springboard (JAN - 2026)

PROJECTS

Integrated Emergency Ambulance Service Platform

May 2025

- Built “RapidRescue,” a real-time platform that integrates public and private ambulance services using GPS-based tracking.
- Implemented predictive analytics and real-time monitoring to optimize ambulance dispatch and significantly improve response efficiency.

Kidney Disease Detection System with Integrated Telemedicine Platform

Oct 2025

- Developed a CNN-based Kidney Disease Detection System for accurate classification of CT scans into Normal, Cyst, Tumor, and Stone.
- Built a DL-enabled Telemedicine Platform using React.js and MongoDB for secure patient management and real-time consultations.

INTERNSHIP EXPERIENCE

Web Stack Academy Full Stack Web Developer Intern(Online)

Sep 2024

- Developed “Homely Hub,” a MERN-stack accommodation booking platform with advanced search and filtering, secure user authentication, and integrated payment gateway, gaining hands-on experience in full-stack development, API integration, and application deployment.

CodSoft :Web Development Intern (Online)

May 2024

- Completed a web development internship at CodSoft, creating projects using HTML, CSS, and JavaScript. Gained hands-on experience in front-end development and UI design. Improved skills in responsive web design through real-world tasks.

EDUCATION

- **B.E - CSE** [National Engineering College Kovilpatti ,Affiliated to Anna University Chennai, Tamil Nadu] CGPA : 7.34 May 2026
- **HSC** [John Bosco Matric Hr Sec School,Kovilpatti ,English Medium State Board of Tamil Nadu] HSC : 77.8 May 2022
- **SSLC** [John Bosco Matric Hr Sec School, Kovilpatti,English Medium State Board of Tamil Nadu] SSLC : 72.8 May 2020

ACHIEVEMENTS

- Published an IEEE paper at ICECA 2025 on the “Integrated Emergency Ambulance Service Platform,” presenting real-time ambulance tracking, predictive dispatch, and system optimization.
- Presented a technical presentation on “Raspberry Pi” at Saveetha Engineering College, Chennai, Tamil Nadu

ADDITIONAL INFORMATION

- **Languages** : Tamil, English
- **Extracurricular** : NSS Volunteer , Computer society of India (Coordinator)
